Dear Sir:-

We are writing to ask if it will be possible to obtain for use in the compilation of the Fifth Edition of the BIOGRAPHICAL DIRECTORY OF AMERICAN MEN OF SCIENCE the Membership List of the American Numismatic Society. The Fifth Edition will not be ready for distribution for about two years, but we are anxious to obtain your society list from year to year to keep our records up to date.

We shall be under obligations to you if you would cooperate with us in making the directory as complete as possible.

Very truly yours,

Jaques Cattell

Gentlemen:

In answer to your letter of the 19th, I am instructed to inform you that it is against the rules of this Society to give out its membership list, even though the purpose for which the list is desired is a useful one. We regret that this ruling does not permit us to co-operate with you.

Very truly yours,

AMERICAN NUMISMATIC SOCIETY
